1. The following is an examiner's statement of reasons for allowance: Applicant's newly cited reference (Meron) and associated office actions have been considered. It is noted that the instant application involves an arrangement utilizing agglutinative particles that form agglutination groups when interacting with an analyte of interest and Meron involves an arrangement utilizing an immobilized reactant. As such, Meron does not anticipate the claimed invention, since an immobilized reactant is not agglutinative in nature, nor are these differences are obvious variants, and therefore the claims are not obvious over Meron. The claims remain allowable for the reasons of record. Further, the amendments set forth in the Office action mailed 8/20/09 are not affected by the mailing of this action and remain in force.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric F. Winakur whose telephone number is 571/272-4736. The examiner can normally be reached on M-Th, 7:30-5; alternate Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Long Le can be reached on 571/272-0823. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
